

In the materials list of design 3 in issue 2/2021, the lengths of the separating zipper are incorrect. The correct lengths are:

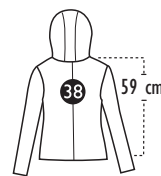

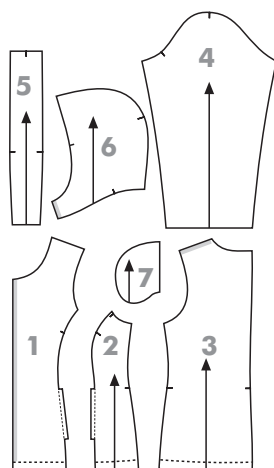

Size	34	36	38	40	42	44	46	48	50	52
Zipper length cm	55	55	55	55	56	56	56	57	57	58

Pattern sizes 34-36-38-40 all take a 55 cm long zipper. For sizes 42-44-46-48-50-52, a 60 cm long zipper needs to be shortened to the correct length for each size.
