Let's go mushroom picking

Below you'll find instructions for sewing six different imaginary mushrooms. You can also combine the various caps and stems in any way you like to create your own mushroom design.

YOU'LL NEED THESE FOR ALL MUSHROOMS:

- pieces of cotton jersey
(interlock knit is the most suitable)
in various colors
- toy stuffing
- sewing thread

You'll find the patterns on page 9.
All pattern pieces include 7 mm seam allowances. Sew the mushrooms with a regular straight stitch.

PATTERN PIECES	cut
1A top of cap	1
1B underside of cap	1
1C stem	4

CUTTING

Cut pieces from knits of various colors as indicated on photo and list of pattern pieces. All pattern pieces include 7 mm seam allowances. Cut 6 mm wide strips for gills on underside of cap (measure required length of strips on pattern).

SEWING

Cap (photo 1):

Lay gill strips on right side of underside of cap and stitch them in place with straight stitch, placing stitching in the middle of strip. Pin top and underside of cap right sides together and stitch their outer edges together, leaving small opening for turning in seam. Trim seam allowances at outer edge of cap slightly and turn cap right side out. Fill cap with toy stuffing and close opening for turning by hand-stitching.

Stem (photos 1 and 2):

Pin stem pieces together first in pairs (2 + 2), right sides together, and stitch long edges on one side of each pair together. Then pin and stitch the two pairs of stem pieces right sides together. Turn stem right side out. Turn seam allowance at top edge of stem to wrong side and hand-baste in place if necessary. Fill stem with toy stuffing. Pin stem to underside of cap (if necessary, add stuffing to stem to make it firm) and sew it in place by hand, working twice around stem.

Myrkkymisä

PATTERN PIECES	cut
2A top of cap	1
2B underside of cap	1
2C stem	1
2D base of stem	1
2E ring	1

CUTTING (photo 1)

Cut top of cap from red and other pieces from white knit as indicated on list of pattern pieces. All pattern pieces include 7 mm seam allowances. Cut 6 mm wide strips for gills on underside of cap (measure required length of strips on pattern). Cut also circles in various sizes from white knit for spots on top of cap.

SEWING

Cap (photos 1 and 2):

Pin spots to top of cap and stitch them in place close to edge. Lay gill strips on right side of underside of cap and stitch them in place with straight stitch, placing stitching in the middle of strip.

Pin top and underside of cap right sides together and stitch their outer edges together, leaving small opening for turning in seam. Trim seam allowances at outer edge of cap slightly and turn cap right side out. Fold outer edge of top of cap to underside of cap slightly and topstitch folded outer edge of cap 4 mm from edge. Fill cap with toy stuffing and close opening for turning by hand-stitching. Topstitch outer edge of cap along opening for turning.

Stem (photos 1 and 3):

Pin ring to top edge of stem and stitch it in place close to edge with straight stitch. Fold stem in half right sides together and stitch long edges together to form a tube. Pin and stitch base of stem to bottom edge of stem. Turn stem right side out. Turn seam allowance at top edge of stem to wrong side and hand-baste in place if necessary. Fill stem with toy stuffing. Pin stem to underside of cap (if necessary, add stuffing to stem to make it firm) and sew it in place by hand, working twice around stem.

Suippeliini

PATTERN PIECES	cut
3A gore for top of cap	8
3B underside of cap	1
3C stem	1
3D base of stem	1

CUTTING (photo 1)

Cut pieces from knits of various colors as indicated on photo and list of pattern pieces. All pattern pieces include 7 mm seam allowances. Cut 6 mm wide strips for gills on underside of cap (measure required length of strips on pattern).

SEWING

Top of cap (photo 2):

Pin gores for top of cap together first in pairs (2 + 2 + 2 + 2), wrong sides together, and stitch long edges on one side of each pair together. Stitch two pairs of gores and then another two pairs of gores together to form cap halves, and finally stitch cap halves together.

Underside of cap:

Lay gill strips on right side of underside of cap and stitch them in place with straight stitch, placing stitching in the middle of strip.

Joining cap (photo 3):

Pin top and underside of cap right sides together and stitch their outer edges together, leaving small opening for turning in seam. Trim seam allowances at outer edge of cap slightly and turn cap right side out. Fold outer edge of top of cap to underside of cap slightly, and topstitch folded outer edge of cap 4 mm from edge. Fill cap with toy stuffing and close opening for turning by hand-stitching. Topstitch outer edge of cap along opening for turning.

Stem (photo 4):

Fold stem in half right sides together and stitch long edges together to form a tube. Pin and stitch base of stem to bottom edge of stem. Turn stem right side out. Turn seam allowance at top edge of stem to wrong side and hand-baste in place if necessary. Fill stem with toy stuffing. Pin stem to underside of cap (if necessary, add stuffing to stem to make it firm) and sew it in place by hand, working twice around stem.

Tattimainen

PATTERN PIECES	cut
4A top of cap	1
4B underside of cap	1
4C stem	4

CUTTING

Cut pieces from knits of various colors as indicated on photo and list of pattern pieces. All pattern pieces include 7 mm seam allowances. Cut 6 mm wide strips for gills on underside of cap (measure required length of strips on pattern).

SEWING

Cap (photo 1):

Lay gill strips on right side of underside of cap and stitch them in place with straight stitch, placing stitching in the middle of strip. Pin top and underside of cap right sides together and stitch their outer edges together, leaving small opening for turning in seam. Trim seam allowances at outer edge of cap slightly and turn cap right side out. Fold outer edge of top of cap to underside of cap slightly, and topstitch folded outer edge of cap 4 mm from edge. Fill cap with toy stuffing and close opening for turning by hand-stitching. Topstitch outer edge of cap along opening for turning.

Stem (photos 2 and 3):

Pin stem pieces together first in pairs (2 + 2), right sides together, and stitch long edges on one side of each pair together. Then pin and stitch the two pairs of stem pieces right sides together. Turn stem right side out. Turn seam allowance at top edge of stem to wrong side and hand-baste in place if necessary. Fill stem with toy stuffing. Pin stem to underside of cap (if necessary, add stuffing to stem to make it firm) and sew it in place by hand, working twice around stem.

Photo 3.

Vahveriini

PATTERN PIECES	cut
5A top of cap	1
5B underside of cap	1
5C stem	1
5D base of stem	1

CUTTING

Cut pieces from knits of various colors as indicated on photo and list of pattern pieces. All pattern pieces include 7 mm seam allowances.

SEWING

Underside of cap (photo 1):

Sew row of gathering stitches along inner edge of underside piece. Fold underside piece in half right sides together and stitch straight edges together to form a circle. (photo 1)

Joining cap (photos 1 and 2):

Pin top and underside of cap right sides together and stitch their outer edges together. Trim seam allowances at outer edge of cap slightly and turn cap right side out. Fold outer edge of underside of cap to top of cap slightly, and topstitch folded outer edge of cap 4 mm from edge. Fill cap with toy stuffing, pull up gathering stitches along inner edge and close opening by hand-stitching. Secure center points of top and underside of cap together with a few hand stitches.

Stem (photos 3 and 4):

Fold stem in half right sides together and stitch long edges together to form a tube. Pin and stitch base of stem to bottom edge of stem. Turn stem right side out. Turn seam allowance at top edge of stem to wrong side and hand-baste in place if necessary. Fill stem with toy stuffing. Pin stem to underside of cap (if necessary, add stuffing to stem to make it firm) and sew it in place by hand, working twice around stem.

Photo 1.

Rusokki

PATTERN PIECES	cut
6A top of cap	1
6A underside of cap	1
6B stem	4

CUTTING

Cut pieces from knits of various colors as indicated on photo and list of pattern pieces. All pattern pieces include 7 mm seam allowances. Cut 6 mm wide strips for gills on underside of cap (measure required length of strips on pattern).

SEWING

Top of cap (photo 1):

Stitch pin tucks on top of cap as marked on pattern: fold top of cap wrong sides together along each dashed line and stitch close to folded edge.

Underside of cap (photo 2):

Lay gill strips on right side of underside of cap and stitch them in place with straight stitch, placing stitching in the middle of strip.

Joining cap (photo 2):

Pin top and underside of cap right sides together and stitch their outer edges together, leaving small opening for turning in seam. Trim seam allowances at outer edge of cap slightly and turn cap right side out. Fold outer edge of top of cap to underside of cap slightly, and topstitch folded outer edge of cap 4 mm from edge. Fill cap with toy stuffing and close opening for turning by hand-stitching. Topstitch outer edge of cap along opening for turning.

Stem (photos 2 and 3):

Pin stem pieces together first in pairs (2 + 2), right sides together, and stitch long edges on one side of each pair together. Then pin and stitch the two pairs of stem pieces right sides together. Turn stem right side out. Turn seam allowance at top edge of stem to wrong side and hand-baste in place if necessary. Fill stem with toy stuffing. Pin stem to underside of cap (if necessary, add stuffing to stem to make it firm) and sew it in place by hand, working twice around stem.
